PRESIDENT'S MESSAGE

August is upon us!

Over half of our scheduled events are over, the 20 Mile HDT in July was a huge success. Andrita was such a trooper on the golf cart with her hurt leg. Thank you to Pat and Andrita and all the volunteers for their hard work.

The Map Rally was really fun. The sky & the clouds (with a little wind) made it a special day. Everyone enjoyed the open space and miles of great roads to travel on. Al and Joan were such gracious hosts.

Two of our upcoming events were canceled due to the chosen spots are no longer available. Greenland has been re-scheduled to Sept. 7 and don't forget one of our biggest events on Sept. 28 the "Blue Jean Show".

This is our fourth year for this special event, Toni has worked so hard to bring you this fun venue for everyone.

Our thoughts are with Mary Woolverton during her recovery.

CDS Greenland Open Space Trail Drive - September 7, 2013

Greenland is part of the vast expanse of Douglas County open space you see along I-25 between Larkspur and Monument hill. It is easily accessible at exit 167 from both north bound and south bound I-25. Lots of drive-through trailer parking, a port-a-potty and a covered picnic area with really nice tables are all provided at the trailhead.

From I-25 exit 167, go west .2 mile to where road turns south. Entrance to Greenland Open Space will be straight ahead .4 mile. You will need to bring your lunch. The organizers will be there before 10:00 AM. Please plan to arrive early enough to complete your drive by 1:00 PM. Our picnic will follow. If you have any questions, give us a call. Also, a heads-up as to who is planning to come is always appreciated.

Your drive can be as long as 9+ miles or as short as you want it to be. Almost everywhere along the trail you will be able to move off the trail to rest your equine and/or circle around to reverse direction.

Everyone from VSE to draft drivers can enjoy an interesting drive in an awesomely huge area of open space. After the first .9 mile, you will have choices. [1] You can plan to drive the entire Kipps Loop for a 8.2 mile RT drive. [2] You can plan to drive only the lower trail. That would be a RT drive of 2.0 miles to 7.0 miles depending on when you decide to reverse direction. [3] You can plan to drive only the higher trail. That would be a RT of from 2.0 to 9.4 miles.

On all the trails, none of the inclines or declines are steep. There are not any scary drop-offs. Most of the trails were originally graded and spread with gravel. Over time, some erosion and re-growth of the original vegetation has occurred. As a consequence, in some areas one wheel path may be obscured and the ride can be a little rough. The trail is somewhat comparable to a marathon course without hazards. However, you will have no need to go fast.
